

# Meow...

Many of you know me, I have roamed this neighborhood for 3 years. And, I thank all you who fed me! But I lost my baby kitten, and was so sick I knew I needed help, so I forced my way into a house that looked good. The nice human there has a Siamese kitten, and had been feeding me outside regularly for over a month.

As I thought, I was very, very sick with a viral infection – but after my vet visit, I am doing much better. I am healthy, but still look like I just had kittens. I'm still underweight, but gaining slowly.

THE ONLY PROBLEM IS...I picked a house that already has a kitten living there – and she and I don't get along – the kitten there doesn't want me to stay at her house. And I'm sad, because, much of the time I have to stay in their laundry room. I am looking for a home where I can be the ONLY pet. COULD YOU PLEASE give me a forever home indoors where I can be safe and loved?

DO YOU THINK you could find a place for me in YOUR heart and home. I use my litter box, eat dry kibbles well, and have become very cuddly. I even get on the human's lap sometimes, and I purrrrr so loud!!

I spent 3 long years roaming the neighborhood – looking for someone to want me, and bring me in to their home. I am searching for a safe place indoors and a family that will love me. I'm a lovely 3-year-old female Calico, with a soft coat, and lots of love to share.

WOULD YOU PLEASE come by to see me at 15702 Perkins Lane, and if you like me, take me home with you.

I promise to love you and make you happy.

Purrs,

P.S.

*Cali*

If you can't come to see me right now, would you PLEASE call the house where I am. Let Esther know you might want me. Call (301) 390-1855... I can't stay with them much longer.

I NEED A NEW HOME!!!
